Dual-Direction Miter Cutting Band Saws - Semi-Auto Type **UE-460DSA**

Features :

Control Panel

Icon and symbol control panel with warning light, and saw bow stroke adjusting device.

Variable Transmission Device and Blade Speed Indicator

Variable speed adjusting device for cutting different materials and speed indicator with easy to read digital display.

Hydraulic Vise Jaw

Hydraulic moveable vise system, which is rigid, durable, and stable.

Powerful Chip Brush

Powerful & effective rotating chip brush that prolongs the blade life.

Control Box

PC board and electric-controlled circuits.

Vise Pressure Adjusting Valve

It allows for the reduction of hydraulic pressure clamping force for softer, hollow, or pipe material cutting.

Chip Collection Tray

A removable chip collection tray for the ease of cleaning.

Roller Stand :

Specifications :

Saw Bow Height Auto Setting, Dual Direction Miter Cutting 0°~60°

Model		UE-460DSA	
Capacity		90° ●460mm ■460x460mm ■600x445mm	
		15° ●460mm ■460x460mm ■550x445mm	
		30° ●460mm ■460x460mm ■500x445mm	
		45° ●460mm ■460x460mm	
		60° ●600mm ■300x300mm	
Motor		-	5HP(3.7kw)4P
Blade Size		mm	41 x 13 x 5330
Blade Speeds		mpm(fpm)	50HZ 26~80(82~264)
		mpm(fpm)	60HZ 32~96(106~317)
Tanks Volume	Hydraulic Tank	liter(usgal)	15(3.95)
	Cutting Fluid Tank	liter(usgal)	55(14.5)
Packing Measurement		mm(in)	2840 x 1160 x 1760(112 x 45.6 x 69)
N.W. / G.W.		Kgs	1320/1500
